SUMMARY

Highly motivated and eager student with a strong passion for web development and design. Demonstrated proficiency by creating multiple websites and designing prototypes, showcasing dedication to the field. Seeking an opportunity to further expand my skills and contribute to a dynamic professional environment where learning and growth are valued.

SKILLS

- Java
- C++
- HTML, CSS, JS
- React.js
- Figma
- MySQL
- Adaptive
- Problem Solving

PROJECTS

Education Handler (E-Learning Platform)

Technology Used: React.Js

- Developed E-learning platform inspired by Coursera, Byju's, Udemy to boost student motivation in completing online courses.
- Emphasized community-based learning and interaction with known educators to enhance engagement. (Currently the website is static)
- Built with React.js, incorporating core concepts of React.js.
- **GitHub Repository:** <https://github.com/Sreegovind-M/E-LearningPlatform---Education-Handler-Website>

OneFootball Website

Technology Used: HTML, CSS, JavaScript, BootStrap

- Modeled after the OneFootball app for its user-friendly design and functionality.
- Developed using HTML, CSS, and JavaScript to ensure seamless performance and appealing visuals.
- Prioritizes intuitive navigation and clear layout to enhance user experience.
- **GitHub Repository:** <https://github.com/Sreegovind-M/OneFootball-Website>

ACHIEVEMENTS

- Achieved first place in the Phyzpro (Quiz) competition and was honored with a cash prize.
- Finalist in the SDG Hackathon, showcasing problem-solving and teamwork skills.
- Accomplished solving over 250 problems on LeetCode, demonstrating proficiency in problem-solving and algorithmic skills.
